Description

Ferretti Yachts 860 | 2025

26.95 m / 88'5" | Approx. 350 Engine Hours | 4 Guest Cabins | Italian Built

This **2025 Ferretti Yachts 860** represents an excellent opportunity to acquire a current-generation Ferretti flybridge yacht with only approximately **350 engine hours**.

Measuring **26.95 metres (88'5")** with an impressive **6.22-metre (20'5") beam**, the Ferretti 860 combines contemporary Italian design, generous interior volume and expansive outdoor living areas within a highly capable performance platform.

Designed with exterior lines by **Filippo Salvetti** and contemporary interiors by **Ideaeitalia**, the 860 has a distinctive modern profile characterized by large glazed surfaces and a strong connection between the interior and the surrounding sea.

Accommodation & Interior

The yacht offers accommodation for **eight guests across four well-appointed cabins**, including a generous full-beam owner's suite, VIP accommodation and two additional guest cabins. Separate crew quarters provide two further cabins, allowing guest and crew areas to remain independent.

Large windows bring natural light throughout the main deck, while the saloon, dining and exterior cockpit areas have been designed to work as connected social spaces.

With a **6.22-metre beam**, the 860 provides substantial interior volume while maintaining the elegant proportions associated with the Ferretti range.

Exterior Living

Outdoor living is a defining feature of the Ferretti 860.

The expansive **flybridge** creates a second major entertainment area with generous seating, sunbathing and dining space, while the foredeck provides an additional private lounge area.

At the stern, the cockpit and beach area create a spacious connection to the water. The large bathing platform also provides convenient access for swimming, watersports and tender operations.

Performance

The Ferretti 860 is available with powerful twin MAN V12 propulsion, combining comfortable long-distance cruising with performance approaching **32 knots** when equipped with the optional 2,000 HP engine package.

A **7,000-litre fuel capacity** provides substantial cruising capability, while the yacht's planing hull combines performance with the comfort expected from a modern luxury flybridge yacht.

With only approximately **350 engine hours**, this 2025 yacht offers the opportunity to acquire a recent Ferretti 860 without the build time associated with ordering a new yacht.

Key Features

- **2025 Ferretti Yachts 860**
- **26.95 m / 88'5" LOA**
- **6.22 m / 20'5" beam**
- Only approximately **350 engine hours**
- Four guest cabins
- Accommodation for eight guests

- Full-beam owner's suite
- Two separate crew cabins
- Expansive flybridge
- Foredeck lounge and sunbathing area
- Large aft cockpit and beach area
- Hydraulic bathing platform
- Contemporary Italian interior
- Extensive panoramic glazing
- Twin MAN V12 propulsion
- Up to **31.5 knots** with the optional MAN V12 2000 installation
- 7,000-litre fuel capacity
- 1,400-litre fresh-water capacity

Combining **2025 build year, low engine hours, four-cabin accommodation and the latest generation of Ferretti design**, this Ferretti 860 is particularly well suited to an owner looking for a nearly new 85–90 ft flybridge yacht with immediate availability.
