Description

2019 Ferretti Yachts 780

This **2019 Ferretti Yachts 780** combines contemporary Italian design, generous four-cabin accommodation and impressive performance within a highly versatile 78-foot flybridge platform.

Measuring **24.01 metres (78'9")** with a generous **5.80-metre (19') beam**, the Ferretti 780 offers substantial interior and exterior living space while remaining an exceptionally manageable yacht for both coastal cruising and longer stays on board.

Designed by **Zuccon International Project** with naval architecture by the Ferretti Group Engineering Department, the 780 is characterized by its extensive glazing, contemporary profile and strong connection between the interior and exterior guest areas.

Accommodation & Interior

The yacht accommodates **eight guests across four cabins**, including a spacious full-beam Master Suite, forward VIP cabin and two additional guest cabins.

Large hull windows bring natural light into the lower deck accommodation, while the main deck combines a spacious saloon and dining area with panoramic glazing and direct access to the aft cockpit.

Separate crew accommodation is positioned aft, maintaining privacy between guest and operational areas.

Exterior Living

The **expansive flybridge** is one of the defining features of the Ferretti 780, creating a substantial additional living and entertainment area with seating, dining and sunbathing spaces.

A comfortable foredeck lounge provides another private exterior area, while the aft cockpit connects directly with the main saloon and provides an ideal setting for outdoor dining.

At water level, the **hydraulic bathing platform** creates easy access to the sea and provides a practical area for swimming, watersports and tender operations.

Performance

The Ferretti 780 was offered with **twin MAN V12 diesel propulsion**, with the higher-powered V12 1550 installation producing a combined **3,100 HP** and delivering speeds of up to approximately **31 knots**, with a cruising speed of approximately **27 knots**.

With a **5,000-litre fuel capacity**, planing hull and Category A design classification, the Ferretti 780 combines strong performance with the comfort and cruising capability expected from a modern Italian motor yacht.

Key Features

- **2019 Ferretti Yachts 780**
- **24.01 m / 78'9" LOA**
- **5.80 m / 19' beam**
